

10 April 2013

We are proud to announce that we are now the new authorized distributor for LC Laboratories, CUSABIO and BioXCell.

LC Laboratories is one of the world's leading suppliers of biochemical products. The company has been in business for over 33 years, since 1980. Highest purity at the lowest prices!

Country of Origin: USA

Product Range: biochemicals

CUSABIO BIOTECH Co., Ltd is a leading biotechnology company that specializes in the production of high quality products for gene, protein, antibody and ELISA kits. Their product line includes, but is not limited to, 10,000 different kinds of ELISA kits for 37 different species, over 6,000 antibodies, thousands of high-quality recombinant proteins as well as other immunological reagents.

Country of Origin: China

Product Range: ELISA / assay kit, apoptosis assay kit, native and recombinant proteins, antibodies, immune serum

BioXCell is a biotechnology company that manufactures high quality, bulk quantity (milligram to gram) monoclonal antibodies for biomedical research. All of their antibodies are of high purity and low endotoxin levels, well suited for in vivo preclinical studies. BioXCell custom produces recombinant proteins using state of the art fermentation and purification technology. BioXCell has expressed recombinant proteins in all major expression systems including: CHO, NSO, 293, insect cells, E. coli, and yeast.

Country of Origin: USA

Product Range: bulk monoclonal antibodies and recombinant proteins
